Guitar notes:

The original recording of this song used two acoustic guitars. One played the “bass” role, downtuning the E string to D and playing open fifths for the D2 and G2/6, then playing a simple A7, and playing the open fifths again on the Chorus. The other guitar played a picked four-string D2 for both the D2 and G2/6 chords, picked the melody plus a third below it for the A7, and strummed a simple four-string D2-D-Dsus on the Chorus.
